SOME ARISTOCRATIC CLUBS

Popular Tonicic Boles-Balls, Dancers and Receptionists Are the Order of the Day With Them.

We are constantly hearing about New York society ladies. The papers never tire of telling where they go and what they wear. Their names and characteristics are well known to anyone who reads the "society notes" in the daily papers, and one hears the commonest kind of people calling these great society leaders familiarly by their first names.

In view of this fact it is surprising that we hear so little of the German ladies who are among our wealthiest and most influential people. This is

perhaps due to the fact that they are more domestic and attend more closely to family cares than American ladies do. Or it may be because they are rather exclusive and do not mingle much in American society, but keep by themselves, associating only with their own people. It is certainly not because they are not social. They give dinners and receptions and enjoy life quite as much as native-born Americans. Their weddings are always great occasions, distinguished by pretty faces and elaborate toilettes.

But the acme of a German lady's social ambition is to shine in one of the aristocratic society clubs. Of these there are five which are well known in New York. Two of them, the "Liederkreis" and the "Arion," are musical clubs, and are famous both in Europe and America for their artistic performances. The other three are the "Bismarck," the "Freunde," and the "Progenie." To be a leader in one of these is to be a leader in German society.

Among distinguished German families the name of Steinway need only be mentioned to be recognized. At present they are in mourning, but they hold an enviable social position and have always entertained a great deal.

Mrs. Louis von Bernuth, who married a prominent German nobleman, is Mrs. Steinway's eldest daughter. Since her mother's death she has superintended her father's household and taken charge of her younger sister and brothers. She has two children of her own.

Her sister-in-law, Mrs. George Steinway, was well known as Mrs. Rose before her marriage. Mr. and Mrs. Steinway reside at Great Neck where, as Mrs. Steinway expresses it, "the lachrymose is always out" for their friends. They have three children.

Mrs. Charles Steinway, a niece of Mr. William Steinway, is another brilliant and handsome member of this family.

The Ehrsts and Rapperts are two very prominent German families, but they are very quiet people, who care little for notoriety. The Ehrsts live in a luxuriously furnished home at the

corner of Park avenue and Ninety-fourth street, and they have very elegant turnouts. They are also prominent members of the Arion.

Mrs. George Ehrst, who is seldom back from her three married daughters. Of these Baroness de Zallitz and Mrs. Paul Stangen live in Europe. The other, Mrs. W. Burkard, lives near her parents' home in New York.

Miss Dinet, a charming young lady of very amiable disposition, is a favorite with all who know her. She is highly educated, and devotes much of her time to music and science.

Miss Rappert, though somewhat a "hothouse" at the Arion, is reserved in her manner and does not make friends easily, but she is well liked by all who

know her. She is fond of horseback riding and is a daring rider. One of the most popular women in New York is Mrs. Joseph Keppeler, the

wife of the well-known artist. Although the mother of grown-up children she is as youthful in appearance as to be taken for a sister to her daughter. She dresses exquisitely and shows great individuality. Many of her gowns are designed by Mr. Keppeler. His artistic taste is also manifested in the furnishing of their home at No. 37 East Seventh-street. Almost every piece of furniture has its history or comes from some famous artist. The rooms are furnished after Mr. Keppeler's own designs in styles of different nationalities, of which the oriental room is said to be the prettiest.

Miss Keppeler, their daughter, is a tall, beautiful young lady who is very popular. She made her debut last winter and was a great success. She also received much attention at Chicago where she spent the past summer. Miss Olga Keppeler is a pretty blonde who is not yet out in society. She is fond of sport and is a graceful rider.

Two other favorites in society are the Misses Marshall, daughter of Mrs. August Marshall, of Marshall, Spellman & Co. Miss Marshall has a fine voice, and has won quite a reputation as a singer. Miss Carrie Marshall has not been out long in society, but she is

THE FRIEND OF LABOR

T. J. Moore is President of the Trades' Council.

Well-Known Trustee of the Painters' Union in Toledo.

Many Other Workingmen Having the Same Struggle for Existence.

The panic just past bore hardest upon the workmen and women. Their lives have been the greatest worry. They have had to labor harder than ever to support their families. Today there are thousands of overworked and overworn people struggling along, many of them under the burden of dyspepsia, or insomnia, or nervousness, or other ailments, but not helpless—as Mr. Moore shows.

Those who awake more tired than when they went to bed, with an unpleasant taste in the mouth, and the

tongue parched, coated and dry, know one of the many signs of the disease that follows overwork.

A poor appetite for breakfast, at times a complete distaste for all kinds of food (even the little reluctantly taken producing general discomfort)—these symptoms demand a sober thought. Today it is known that the nerve centers govern all the processes throughout the body. Perfect digestion and assimilation require that the nerves work in harmony with the digestive apparatus. And it was on the recent highest medical information that Paine's celery compound, the medicine that makes people well, was first prepared. To all who are overworked, the following letter from Mr. T. J. Moore tells a story that should be read and heeded. It is from one of the plain people:

"I am greatly pleased with the good results obtained from the use of Paine's celery compound. Previous to its use I doctored with two of the best doctors here, and my health was not improved in the least by the treatment I received. On the recommendation of a friend I procured a bottle of Paine's celery compound, and before I had used one bottle I noticed an improvement in my health, and I decided to continue its use and give the medicine a fair trial. I have about finished the fourth bottle, and I have almost entirely regained my old-time health and vigor. My ailment was a disordered stomach, and my whole system was out of order. My appetite was poor and very irregular, and as an old friend whom I met on the street expressed it, after enquiring about my health when I was under the doctors' care, 'O, you are a goner!' But my improved condition has convinced him of his inefficiency as a medical examiner and prophet."

Mr. Moore is a citizen of Toledo, and lives at 2109 Fitch street, in that city. He is president of the trades' council and trustee of the painters' union. His rifle stands high with all union men," says the Toledo Blade.

A careful man or woman either keeps Paine's celery compound on hand, or knows just where he can easily procure it. It is the remedy that makes people well. It has shown itself to be an ideal remedy in cases where nutrition is an important factor, and where digestion is feeble.

It is as far superior to the ordinary nerve tonics and sarsaparillas as the diamond is to the ordinary glass. Try it and be convinced.

It is Strange That people suffering from Piles will endure them for years or submit to dangerous, painful, cruel and expensive surgical operations, when all the time there is a painless, certain, lasting cure, which gives instant relief and costs but a trifle. It is called the Pyramid Pile Cure and can be found at all drug stores. Any druggist will get it for you if you ask him.

A young lady distinguished for her social ambitions is Miss Jeanne Held. She is very accomplished, and having spent much time in Paris, she speaks French as fluently as the does German and English. She is extremely fond of dress, and has a preference for imported gowns. Her mother, Mrs. Sam Held, is still a very handsome woman and has a beautiful voice. They entertain a great deal in their home at No. 4 East Seventy-fourth street, which is a favorite rendezvous for many great artists.

A Blessing Indeed. What would this poor, weak humanity do were it not for those strong, noble, restless spirits who are ever searching the caverns of knowledge for the good of mankind? Dr. Greene of 35 W. 14th Street, New York, who a few years ago gave to the world that precious boon, Dr. Greene's Nervura blood and nerve remedy, has now introduced another blessing for the sick and suffering. He is the most successful specialist in curing all nervous and chronic diseases, and he offers to everyone, far and near, the opportunity of consulting him, free of charge, through his system of letter correspondence.

Write him about your complaint and send for his system blank, and he will return you an exact explanation of your case with advice, free of charge, and tell you how you can be cured. He gives most careful and explicit attention to all letters, and his answer always gives the sufferer a perfect understanding of the disease. If you wish to avail yourself of this great physician's skill write him at once about your disease and you will undoubtedly be cured.
